Sir:

In response to the office action dated April 8, 2003, please reconsider the above-identified application based on the following:

IN THE CLAIMS

Please amend as follows:

Claim 1 (currently amended): A printing device comprising:

1 (currently amended): A printing device comprising:

a roll-to-roll printing press for forming a plurality of printed rolls; and
a separate assembly device, the assembly device having a plurality of roll unwinging devices separate from the printing press and unrolling the plurality of printed rolls, a first folder accepting at least one first web from the roll unwinding devices and forming first signatures, and a second folder accepting at least one second web from the roll unwinding devices and forming second signatures.

Claim 2 (original): The printing device as recited in claim 1 further including a roll storage unit disposed between the printing press and the assembly device.
